TO WHOM IT MAY CONCERN

Certified that the organic Probiotic for Livestock under the Trade name **GREEN AH**, a product of Green Biotech Ecosolutions, Lamsang Laingamkhul Spinning Mill Road, Imphal Manipur, was tested against Piggery and poultry farm at different places of Manipur. It is found that the product is very effective in maintaining livestock health, growth and stable immune system, it suppresses foul odour in livestock sheds and hence it ensures the best productivity, and creates a healthy environment, ideal for all levels of animal husbandry. The product may be recommended for the Livestock management.
